Every month we will bring a new excellent red wine, that pairs with great steak

We start with Ghost Machine of Drift Farm, located in the Overberg Highlands in South Africa. They grow grapes at high altitude in ancient soils. They focus on organic produce, inclusion, diversity as well as sustainability.

Small-batch production is what has created this 'dream wine'. The result with this Cabernet Franc is a deep ruby colour, concentrated flavours of bramble, fruit cake & raspberry, tertiary flavours of vanilla, tobacco & hints of leather, fresh herbs. On the palate is crisp acidity, linen-smooth tannins supporting the mid-weight palate. A sappy, mouthwatering finish lingers on. The intensity, complexity suggest pairing with classic grilled plate of quality beef.
